About us

SÉRVULO was founded in the late 90's by Professor Sérvulo Correia, a leading academic and Public Law lawyer in Portugal, with the aim of serving its clients in an innovative way, combining the theoretical knowledge with a specialised active legal practice.

The firm quickly stood out in the market for its unparalleled specialisation in Public Law and it has since then extended its reputation of excellence to several other practice areas, occupying a leading position in the Portuguese legal market.

Recognized for the quality of its legal services in all relevant areas of law and strategic sectors, **SÉRVULO** has a highly competent multidisciplinary team of more than 100 lawyers, motivated by a single purpose: to transform academic research and accumulated knowledge in the design of sound legal solutions, thus creating added-value for its clients.

SÉRVULO is recommended by the leading directories, which analyse the performance of law firms in the various jurisdictions around the world.
